9:00 PM		NIGHT GAMES			
Meal Prep - Have your ward arrive one hour before the meal is to be served and see the kitchen staff for your assignments	Meal Clean up - This will be done immediately after each meal. Get assignments from kitchen staff. Cleaining will also include the shared bathrooms at the pavillion and the pavillion area itself.	Daily campground cleaning - your ward is responsible for the cleaining of their own campsite. It is recommended that bathrooms be cleaned twice/day. Be watchful for trash around your campground and willing to pick it up when seen. If you are sharing a campsite, work out a cleaning schedule between the two wards.	Shower Schedule - this can be determind by camp directors and worked into ward free time. But please be aware that only one shower/week will be allowed for the YW. If the leaders would like a daily shower that is fine, but don't let it interferre with important times.
